CASSIUS M. CLAY.

Peaceful End After a Life Full Of Storms.

Passed Away at His Home at White Hall--Most Unique Character.

Richmond, Ky., July 22--Gen. Cassius Marcellus Clay died at Whitehall tonight. The end came peacefully and he died as if falling into a gentle sleep. He began sinking rapidly late this afternoon and it was apparent to the watchers at his bedside that he was in a dying condition. He was suffering from cystitis, which was aggravated by complications incident to old age. Gen. Clay was in his ninety-third year.

Two weeks ago the Drs. Bullock of Lexington and Louisville, were called in consultation. His family considered it necessary to take steps to have him legally pronounced of unsound mind. This was done and since then he had been resting quietly, but had been sinking gradually. One of the fancies that was the outgrowth of his weak condition was that it was necessary to keep his premises guarded and himself and servants heavily armed on account of unseen enemies.

Gen. Clay was born October 19, 1810 in Madison county. He led a stirring life which began to tell on him in late years. He believed that a conspiracy to assassinate him had been formed and some years ago fortified his home, Whitehall, and entered upon a life of seclusion that ended only a few weeks ago, when the courts appointed a committee to take charge of him and his effects. He was found desperately ill and had every care since.

The funeral will be held at Richmond on Saturday and the burial will be in the Richmond cemetery.

WANT DIVORCES.

Two More Suits Filed With Circuit Clerk.

Emma Brown has filed suit here for divorce from Felix Brown. Plaintiff states that they were married about thirteen years ago and alleges cruel treatment. In addition to an absolute divorce she prays the custody of their four children.

Rose Allen wants a legal separation from Frank Allen. The petition states that the parties were married in Christian county in 1901 and that in April, 1902, defendant abandoned his home.

SHROUDED IN MYSTERY.

Young Miller Disappears From His Home in Crofton.

Otto Burkholder, who had been in the employ of his brothers, proprietors of the Crofton mills, at Crofton, disappeared from his home at an early hour last Friday and his whereabouts are still unknown. He arose from his bed, and kissing his wife and little child, went to the mill, where he changed his clothing.

When last seen he was going a foot toward Henderson. His relatives think it may be his intention to enlist in the army. Burkholder is about thirty years old and came to this county from Troy, O., several years ago. He was very popular and his strange conduct is shrouded in mystery.

WOUNDS HEALED

And No Danger of Hydrophobia Now Feared.

Mrs. Emma Ingram, of Trigg county, who was bitten by a rabid dog about a month ago, and who had since been under treatment in St. Louis, returned home by way of this city Wednesday. The wounds have healed nicely and the attending physicians are of the opinion that there is now no danger of hydrophobia.

PENCIL PUSHERS

Convene at Lexington Under Auspicious Circumstances.

Editors Will Take Their Annual Outing on the Great Lakes.

Lexington, Ky., July 22--Members of the Kentucky Press Association are in Lexington about 150 strong. After two days of entertainment and business connected with the association here the editors will leave on their annual outing on the Great Lakes and in the Northeast. No business was transacted by the association to-day, and in fact there was no formal meeting more than for the registration of the names of the visitors and to hear the address of welcome by Mayor H. T. Duncan and the response of Thomas G. Watkins, of the Courier-Journal.

The visitors arrived during the morning and at 11 o'clock went to the court house, where in Circuit Court room they were welcomed by Myron Duncan. The Mayor made a brief and witty speech. He was for years a newspaper man and knows the ins and outs of a newspaper man's life. He told the visitors he wanted them to have a good time in Lexington, an at the if they did not see what they wanted to ask for it, and it would be given to them. The Reception Committee, under Col. John P. Moore, of the Louisville and Nashville railroad, was busy during the entire day and until a late hour to-night, when the days pleasure was brought to a close by a handsome reception tendered by Judge and Mrs. James H. Mulligan at Maxwell Place.

From the court house the editors were taken to the Eastern Kentucky Lunatic Asylum, where they were received by Superintendent J. S. Redwine and his assistants.

From the asylum they went on the electric car furnished by the local committee to the State College, where Prof. Walter K. Patterson and other teachers, in the absence of President Patterson, who is in Atlantic City, showed them through the various departments of the institution. The cars then took those of the delegates who were not too weary to the trotting track, where fine horses were shown them, and then around the city, stopping at Kentucky University, where the various departments of this institution were inspected.

WON AND LOST.

List of Games For Next Two Weeks.

Hopkinsville won two games at Paducah and lost one. At Cairo this week they lost two and won one. Hopkinsville is now at Jackson, Tenn. The locals lost the first game of the series at that place Wednesday, the score being 10 to 3 in favor of Jackson.

The local team will play at Henderson next, beginning tomorrow.

On July 31 Hopkinsville will play the first of a series of three games at Clarksville and beginning Aug. 4, Clarksville will play a series here. Paducah will be here Aug. 8, for three days.

GRACEY MARSHAL

Makes Arrest and Prisoners Were Taken to Cadiz Jail.

A few days ago a thief or thieves stole a saddle belonging to Judge Mitchell, of Wallonia. Two suspicious characters were seen in the neighborhood about the time the theft was committed. A description of them was furnished Mr. H. Cox, Marshal of Gracey, and their arrest followed the next day. The parties arrested were supposed to be tramps. They were taken to Cadiz and delivered to the authorities there. The saddle was recovered.

INSANITY FOLLOWS ILLNESS.

Dr. Waltham, of Long Hollow, Placed in Asylum.

Dr. H. H. Waltham, of the Long Hollow community of Trigg county, was adjudged of unsound mind by a jury at Cadiz Tuesday and ordered sent to the Western Asylum. He was brought here Wednesday afternoon by Deputy Sheriff G. E. Bayham and placed in the institution.

Dr. Waltham is a well known dentist and has been in bad health for several months. He has a wife and four children.

DIED IN NASHVILLE.

Remains Interred in Edgewood Cemetery, Trenton.

Mrs. McCown, widow of Rev. R. B. McCown, died at her home in Nashville Sunday and the remains were brought to Trenton and interred in Edgewood cemetery Monday.

She was about 70 years old and formerly lived in Trenton, but moved to Nashville shortly after the death of her husband about fifteen years ago.

Deced was a member of the Methodist church. She was an aunt of Mr. Chas. W. Bennett, the well known Trenton merchant.

ANOTHER BURGLARY.

Tandy Mason's House Robbed of Valuable Jewelry.

A few days ago the residence of Mr. T. B. Mason, of South Christian, was burglarized. The thief secured a watch and several other valuable articles of jewelry.

Ad Rees, col., was arrested Saturday and is in jail, charged with the crime. His examining trial is set for Monday.

CONTRACT LET

And Work on Cerulean Bank to Begin at Once.

The contract for the erection of the new bank building at Cerulean Springs has been awarded to a Paducah firm. It is expected that work will begin in a few days.

PILOT ROCK FARMER

Dies After Long Illness of Bright's Disease.

Mr. George Barrow, a well known farmer of Northeast Christian, died Tuesday, of Bright's disease, aged 55 years. He was a member of the Baptist church and was a relative of the late Rev. J. T. Barrow. He leaves a widow. The interment took place in the Ebenezer church cemetery Wednesday.

Elm Street Blaze.

The cook room of Mr. Jas. Cannon's residence, on Elm street, was damaged by fire yesterday morning. The loss is small.

CERTIFICATES ISSUED.

Special Examination For Appointment to State College.

The examination for white teachers' certificates, held last Friday and Saturday, resulted as follows: I first class, 10 second, 3 third. Eight failed. There were 22 applicants. As there were no applicants for appointment to the State College of Kentucky, Miss Katie McDaniel, County Superintendent, will hold a special examination at her office, next Monday, July 27, to fill the vacancy.

The examination of colored applicants for county teachers' certificates will be held at the Second street school building to-day and to-morrow.

CAMPMEETING CLOSES.

Large Crowds Attended And the Meeting Was a Success.

The Holiness campmeeting which had been in progress on Walnut street for the past two weeks, closed yesterday afternoon. There were several professions. Rev. McClurkin and wife, of Nashville, did the preaching and tremendous crowds attended each service. The meeting was held in a large tent in the yard of what is known as the Sharp place.

CUTTING CASE.

Accused Waives Examining Trial and Gives Bond.

The case of the Commonwealth against G. W. Jones, charged with cutting Major Brown, col., was called Wednesday before Judge F. W. Jones waived preliminary hearing and was held over to circuit court. He furnished bond in the sum of \$100.

The men are tenants on the farm of Dr. L. J. Harris, near Sinking Fork, and got into a row several weeks ago, which resulted in the cutting.

NICE LOT

Of Mules Sold to T. C. Railroad Company.

Mr. Richard Leavel, of Beverly sold 22 work mules to the Tennessee Central Railroad Company. The price paid was \$3,520.

Death of An Infant.

An infant of Mr. W. H. West, who resides on East Twenty-First street, died Tuesday and the remains were interred in Hopewell Cemetery Wednesday.

Niss West Resigns.

Miss Jenie West has resigned as teacher at Oak Grove to accept a school at Bainbridge. She will get a much larger salary at the latter place.

SODA WATER

Will Cure Rheumatism if the Liquid is Applied When Hot.

Here is another asserted cure for rheumatism, sent in by a Pasadena correspondent to the Los Angeles, California, Times, who says that he has used it for 20 years. It is simply to bathe the affected parts with soda water. He claims that rheumatism is caused by a check of perspiration, so the uric acid cannot escape. The soda, he says, being an alkali, tends to neutralize the acid, and he further states that if the case is not of long standing one application will effect a cure.

It is not likely that a single application of soda water would cure rheumatism, even if the case is mild. Probably a better plan would be to take a soda bath, putting a package of baking soda in a tub of hot water. This makes the water soft, and aids in opening the pores, permitting perspiration, which is a highly necessary thing in cases of rheumatism, and is probably the reason why cures are often effected at hot springs. It is not so much the mineral contents of the water that affect the case as the sweating produced by the hot bathing and the drinking of plenty of soft water.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are common among negroes, are peculiar gifts of a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional use of Hopewell will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50¢ at R. C. Hardwick's.

WAGE SCALE

Fixed at Thirty-One Cents Per Hour.

The Tennessee Central railroad has signed an agreement with its machinists, boilermakers and blacksmiths, by which the maximum wage scale is fixed at thirty-one cents per hour. The men are to be paid time and a half for overtime or on Sundays and holidays. Only apprentices will be allowed in each shop and helpers and laborers will not be allowed to do machinists' work.

DARKEST DAYS

Are Days of Suffering—They Are Becoming Brighter for Some Hopkinsville People.

The backache, headache, nervous, tired, urinary troubles makes you gloomy. Dean's Kidney Pills bring relief; bring cure to every kidney sufferer. They are endorsed by Hopkinsville.

Mr. John Combs, of 1226 South Virginia St., says: "For a great many years I suffered with a persistent aching across my loins and back was so bad that I could hardly get in bed. I could hardly get on my back at all without pinching my hand under it, which seemed in some measure to relieve the pain. A friend of Mr. Combs told him about Dean's Kidney Pills and he has been taking them ever since. The aching was relieved and I could attend to my household duties with out any inconveniences. They did not cure me for any medicine I ever used and I gladly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

NEGRO MOB

Lynched Negro Tramp Who Assaulted Negro Woman.

A negro tramp named Adams, who assaulted a negro woman near Lake Butler, Fla., a few days ago, was captured by a mob of negroes and lynched in Santa Fe swamp. His body was cut into shreds by the mob. The lynching was carried out by negroes entirely.

Sick Headache

is caused by constipation, indigestion and biliousness, which may be cured and the cause of the headache removed by the use of Dr. Caldwell's Syrup Poppy. This splendid remedy may be obtained at druggists in 50¢ and \$1 bottles.

Workless Work.

The ease and levity with which men are discharging their duty.

Men are discharging their duty well; individually most of them are good, although sometimes they do not mouth "iron" to be poisioned by the strike bacillus. No doubt, things will mend and common-sense win out and holidays come. Can't some body invent workless work?—Everybody's Magazine.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time I suffered from a severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Tex. "I got temporary relief, but it came back again and again, and for six long years I have suffered more or less from it. I feel it was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, Tex., where I had a day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The results were wonderful. I could hardly realize that I was well again, or believe I could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by C. K. Wyly, druggist.

VARIOUS NEWSPAPERS

Of State Collected Nearly \$4,500 For Capt. Ewen.

Lexington, Ky., July 21.—The friends of Capt. B. J. Ewen have learned from various sources the exact amount of money collected by the various newspapers in the state for the benefit of himself and family and have given out the figures. The total amount is \$4,464.75. Mr. Ewen's loss is estimated at about \$10,000, besides the comforts that were rendered worthless by his enforced departure from Jackson.

Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow and easily occurs in the digestion and is often weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you eat, do not lie down immediately. The region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by C. K. Wyly, druggist.

Gone to Dawson.

Mr. W. H. West, who has been confined to his room since April, last, went to Dawson Tuesday to spend some time.

CHEATHAM COUNTY

And the Tennessee Central Subscription.

Nothing in the Alleged Repudiation of Subscription to the New Road.

Nashville, July 17.—Mr. W. D. Witherspoon, attorney for the Tennessee Central Railroad, said this morning that the story published in the paper that the company would have trouble in securing the subscription of \$50,000 made the road by Cheatham county was without foundation.

It was stated that the subscription is conditioned on the completion of the road by August 17. One stipulation was that the road should be in operation from Nashville to Hopkinsville by that date and another clause provided that the subscription should become due and payable when the road was put in operation through the country. The claim was made that the two provisions were contradictory and that this would make the contract void.

After seeing the article in question Mr. Witherspoon said it was written by some one ignorant of the actual facts. "In the first place," said Mr. Witherspoon, "the road does not have to be completed until March 27 next year. We have never or in our minds questioned the validity of the subscription—have not had any doubts whatever about it. This is the first suggestion that we have had of any trouble of any kind about it."

If the company had, as was stated, only until the middle of next month to get the line from Nashville to Hopkinsville in operation, the subscription would be lost, as it is now evident that the line cannot be completed before fall.

ELIGIBILITY QUESTIONED.

What One Republican Paper Says of Prof. McCartney.

One Republican paper claims

that Capt. Livingston McCartney, of the Henderson schools, who was nominated by the Republicans for state superintendent, is ineligible

because he came from Chicago to Henderson so recently that he is not entitled to vote. The Republicans of Hopkinsville will readily repudiate this as they know Prof. McCartney was superintendent of their schools for several years before he went to Henderson. But, then Prof. Fugua will see to it that his eligibility will never become a serious question.—Owensboro Messenger.

LIVING FROM HAND TO MOUTH.

It Means Starvation for Some.

An eminent physician recently said: "Very thin people live on little food, and have little strength for emergencies." Of course we know of persons who naturally it is believed that way," some

unfortunate wind carries the seeds of some disease, and then the quickly rise and diminish. Also any grave change in health is at once betrayed by the loss of flesh, which shows most often in the face. This almost always co-exists with impoverished blood. A gain of flesh up to a certain point means a rise in other vital functions, but when the blood is increased, and the color improved. When persons find themselves losing weight they should heed the warning and see the doctor in time before disease fastens on them. A tonic alternative is needed to digest and assimilate the food.

Code of Health was the old fashioned remedy for a run-down system, or a chronic wasting disease. The digestion of the food is not for the benefit of the stomach, but sensitive stomachs rebel against it. A great improvement in the means employed for the benefit and cure of the stomach is Dr. Pierce's Golden Medical Discovery, which maintains the nutrition of the body by enabling the person to eat, retain, digest and assimilate food. It is a great indigestion if present, soothes the cough, and, by its alternative properties, purifies the blood and tones up the body. All the organs therefore are fed on pure, rich blood; and the person using the "Golden Medical Discovery" is in bed with a strong, healthy body, and is strong and healthy.

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky, offers the following courses of study, viz: Agriculture, Horticulture, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical, Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty professors and instructors.

COUNTRY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. The latter completed and in use, the former will be ready for occupancy in October.

Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 604.

Summer schools are provided for pedagogy, engineering and instruction in science.

Specialists with necessary number of assistants have charge of each department, having charge of the College of Kentucky.

The State College of Kentucky, though bearing hitherto the title of College, is the only institution in the commonwealth doing, in any proper sense, university work.

Summer schools are provided for the benefit of the college home for young women who provide facilities for good board and lodging.

It is equipped with all modern conveniences, including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An dormitory is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Science. Every institution in the State offers the advantages for the education of women at all comparable to those offered by the State College of Kentucky.

For catalogue, methods of obtaining appointments, information regarding courses of study, and terms of admission apply to JAMES K. PATTERSON, Ph.D., LL.D., or to D. C. FRAZEE, Bus. Manager, Lexington, Ky.

Fall term begins Sept. 7, 1903.

Where "Know How" Counts.

When the first news of the Pope's serious illness was received in this country, the August forms of everybody's Magazine were already on the press.

The publishers, realizing that all live Americans would be interested in knowing the name of the Pope's successor, stopped the presses that were running on the August number, worked photo-engravers, compositors, and electrotypers overtime, got to press in record time with the distinguished article "The Pope's Successor," by F. Marious Crawford, ran the presses night and day, worked the binding force until twelve o'clock every night, and made complete deliveries to their distributing agents two days ahead of the usual time, issuing the Magazine on the 18th of the month instead of the 20th, the usual day of issue. The illustrations are superb, the article is authoritative, convincing. The publishers of Everybody's Magazine are to be congratulated upon their achievement, but especially upon the alertness and enterprise which made it possible.

A sea captain, Alex Simonson, has begun suit for \$10,000 damages against a publishing company of New York for alleged libel growing out of a magazine story. The year, as published, described a shipwreck, in which the captain was the first to reach shore in the breeches buoy, leaving the crew and a woman passenger to care for themselves. Simonson says he is captain of a ship of the same name; that the captain ran ashore not long ago, and he was not the first one to go to land. Gardner Plummer, indicted on the bribery charge, has given bond in the sum of \$1,000.

One of the greatest disappointments of the day in the line of utilizing a product of the laboratory is liquid air. So soon as it was known to be possible to produce a very low temperature by compressing air to great density and liquefying it, it was supposed to be available for a great many industrial purposes, but it now appears that the expense of producing liquid air is far greater than the methods of obtaining low temperatures now in use, and all the schemes based upon it have had to be abandoned.

Beware of Catarrh For Catarrh That Contains Mercury.

Its mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage you will do is tenfold to the system. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the system and not through the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

NEED INSTRUCTION.

In his report on the Kentucky troops Major William L. Buck, of the Third Infantry, says that the officers and men will show great improvement after being in camp in connection with regular troops. He recommends the detail of a regular officer as instructor during the whole year, and adds that if a suitable officer is sent it will undoubtedly result in great benefit.

Major Buck says there should be a thorough reorganization of the staff department and heads thereof selected for fitness and because personal interest in the welfare of the State Guard. He says there is practically no Adjutant General's Department, no Inspector General's Department, no Judge Advocate General's Department, no Quartermaster General's Department or a Medical Department.

Major Buck believes the fact that the men are paid nothing makes it impossible to exact proper discipline. He recommends that there should be on hand a sufficient supply of all equipments to put two regiments of 600 men each in the field, and if every effort on the part of the state is made to have an efficient small force, rather than one twice as large on paper, the next report cannot but show improvement.

Chairman Morrison, of the McCracken county Democratic Committee, and Chairman Edwards, of the Marshall county committee, have finally agreed on the Taylor-Lovett contest for the Democratic nomination for Commonwealth's Attorney. They will take the ballot from the boxes and canvass them. Attorney Taylor is given until July 25 to prepare proof and Attorney Lovett until August 4.

The following are some curious superstitions that are still extant among English people:

If you kill frogs your cow will "go dry."

Tickling a baby will cause the child to start.

To thank a person for combing your hair will bring bad luck.

To kill a ghost it must be shot with a bullet made of silver coin.

To dream of a live snake it means enemies at large; of a dead snake, enemies dead or powerless.

To dream of unbroken eggs signifies trouble to come; if the eggs are broken the trouble is past.

If you boast of your good health, strike wood immediately with your fist or you will become ill.

To allow a child to look into a mirror before it is a month old will cause it to have trouble in teething.

A child will have a nature and disposition similar to those of the person who first takes it out of doors.

FINE

Farm for Sale!

A fine farm of the late S. H. Claggett, lying about 5 1/2 miles Southwest of Hopkinsville, fronting on the Julien pike, containing 203 acres of as fine land as there is in the county, with splendid improvements and in a high state of cultivation.

It is well adapted for a stock farm, plenty of running water and a never-failing well. 60 acres of fine timothy land well set in timothy and 50 acres in clover. The land is well adapted to tobacco, corn and wheat.

This farm is to be sold to settle the estate. Prospective purchasers will be shown over the farm by Ward Claggett or J. D. Claggett, Administrators, or J. D. Russell, Sr.

BAD DIGESTION

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This means of health is like a chain; one gets to the point where it is an opportunity to attack the vital organs. They slowly undermine the strength and energy, and call for a long, costly and at times a strong healthy body is most needed.

PRICKLY ASH BITTERS

In a fine regulating tonic which filters through the body, casting out impure matter, stimulating the digestion and nourishing a weak and languid and weakened part, it also purifies the blood, sharpens the appetite and creates energy. It fails in it effect only when a strong healthy body is most needed.

For irregular bowel movements, chronic constipation, flatulence, belching, fosi breath, and other troubles due to the accumulation of mucus in the bowels, Prickly Ash Bitters is a speedy cure.

ANOTHER AGED CITIZEN

Passes Away After an Illness of Several Weeks.

Mr. George W. Graves died at his home on South Virginia street about 4 o'clock a.m., Tuesday.

He had been in bad health for several weeks, suffering from a complication of diseases, but the immediate cause of death was pneumonia.

Mr. Graves was 68 years old and had spent the greater part of his life in Hopkinsonville. He was a man of considerable means and was actively engaged in business here until about fifteen years ago. He leaves a widow and three children. Messrs. Palmer, Will E., and Miss Hattie.

Funeral services were held by Dr. E. L. Southgate (Wednesday morning at 9:30 o'clock and the interment took place in Hopewell cemetery.

GOES TO CLARKSVILLE.

Popular Young Business Man Will Change Base.

Mr. Willie A. Ladd, who recently resigned his position with Mr. P. C. Sallee, at Oak Grove, has accepted a more lucrative place with Neal & Edwards, Clarksville, and will enter upon his duties about Aug. 1. Mr. Ladd had been with Mr. Sallee for about two years and is one of the most popular young business men of South Christian.

He has a wide acquaintance and the Clarksville firm should be congratulated upon having secured his services. Mr. Ladd will have charge of the dry goods department of the firm's store.

STALLION DESTROYED.

Also About \$350,000 Worth of Horses And Valuable.

Lightning caused a conflagration that destroyed \$150,000 worth of horses and fully \$200,000 worth of property at the great lumber stud farm of John E. Madden, near Lexington, Ky., Wednesday.

There were over 50 horses in the barn, which had 60 stalls, and was the finest barn ever built for horses in Kentucky.

Imported Mirthful was among the animals that perished. He ranked as one of the world's greatest horses and was regarded as one of the most phenomenal sires of the present age.

The loss on Mirthful and the other horses destroyed is complete, as no insurance was carried on them.

Commissioner's Sale.

By virtue of a judgment and order of the Christian Circuit Court, rendered on the 24th instant of this year, 1903, in the above cause I shall proceed to offer for sale at the Court House door in Hopkinsonville, Ky., to the highest bidder, at public auction, on Monday, the 3d day of August, 1903, at 10 o'clock a.m., or thereafter, (being Court Day,) upon a credit of six months the following described property to wit:

A certain house and lot in Christian County, Ky., and being lot No. 13 in the 10th addition to the city of Hopkinsonville, Ky., a plat of which addition is on record in the Christian County Clerk's office, said lot fronts the old Russellville road 50 feet and runs back 125 feet, more or less, in a ten foot alley. Or sufficient thereof to be made, amounting to \$159.26. For the purchase price, the purchaser must execute bond with approved surety or securities, bearing legal interest from the day of sale until paid in full, and the sum of \$100.00 for the payment of a fee of a receiving bond. Bidders will be prepared to comply promptly with these terms. —FRANK RIVES, Master Commissioner.

Attention.

The Hopkinsville Gas & Lighting Co., desiring to improve the service of its gas department is anxious that its patrons should at once give notice of any defect in illumination or heating. The Co. is prepared to demonstrate that in cheapness and comfort there is nothing equal to FUEL GAS FOR COOKING PURPOSES during the heated season. The company has secured the services of Mr. J. W. Thomas, of Pennsylvania, who will attend to the wants of the public. It is called upon at the gas office.

POPE LEO

Passes Away After an Illness of Three Weeks.

Death Lays Claim to Head of the Catholic Church.

ROME, July 21.—Pope Leo XIII. died at 4 o'clock yesterday after an illness lasting over a week. Death occurred through exhaustion, according to Dr. Lapponi, though to the last the Pontiff's wonderful will power asserted itself. Around the bedside were the physicians, the Pope's nephew and all of the cardinals in Rome. Though his holiness suffered intense pain his last words were benedictions on those at the bedside.

Leo made a supreme effort to gather together all his energies.

He succeeded in recognizing those about him by the sound of their voices, as his sight was almost entirely lost. Still he made a marvelous display of his energy, and even his death was really grand. It was resigned, calm and serene.

Very few examples can be given for such an advanced age, after so exhaustive an illness showing such supreme courage in dying.

The body of Pope Leo was today embalmed, and last night it laid in the hall of the throne room, near near the death chamber. Impressive ceremonies over the body were held in the morning by the cardinal.

The diplomatic body in Rome will to day pay their tribute of respect, and the remains will lie in state in St. Peter's for the benefit of the public for three days, beginning Friday morning. Bells in the 400 churches of Rome tolled for hours last night, and the noteworthy demonstration of respect will be repeated nightly until the funeral services are over. The late Pontiff is said to have left a private fortune valued at \$17,000,000.

The sacred college of cardinals which will elect Leo XIII's successor is now composed of sixty-four members. When the college is full its total membership is seventy. Twenty-five of the cardinals live in Rome, and form the Roman curia, so often mentioned. A majority of the cardinals are of Italian birth.

There are three orders in the sacred college—bishops, priests and deacons. But these orders belong exclusively to the college, and have nothing to do with the dignity of the cardinal held out side the college. For example, Archbishop Gibbons, of Baltimore, is in the college a priest. There are six cardinal bishops when all the offices are filled.

Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt, of Bartonton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung trouble.

PROFITS FOR CHARITY.

Prosecution Dropped When the Fact Was Made Known.

Paducah, Ky., July 21.—The baseball association here has adopted a new rule. It gives the profits of the Sunday baseball game to charity, and when warrants were issued today and the case tried before a magistrate it was decided that, as the game was played for charity, no law had been violated.

Services at the Catholic Church.

PROF. L. J. MILLER.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 3227 N. Clark Street, Chicago, Ill., as follows:

"As far as my friends have spoken to me of the favorable results obtained through the use of Peru-na, especially in cases of catarrh, I examined it most thoroughly to learn its contents."

"I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health."

"I consider Peru-na one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

CHEAP LANDS

For Homeseekers' and Colonies.

A Handful of Sketches

The country along the Cotton Belt

Route in Southeast Missouri, Arkansas, Northwest Louisiana and Texas offers the greatest opportunities for Homeseekers. Mild climate, good water, cheap building material, abundance of fuel, and soil that will often in a single season yield enough to pay for the ground.

Land can be bought as cheap as \$2.50 an acre, prairie land at \$4 and \$5 per acre up, bottom land at \$5 and \$6 per acre up, improved or partly cleared land at \$10 and \$15 per acre up. Some fine proposition for colonies—tracts of 2,000 to 8,000 acres at \$4 to \$10 per acre.

You can plan, and plan well perhaps, but you want some one to put it on paper and prepare your specifications. Perhaps I can add to your idea and together make you a better building for less money. It costs nothing to try.

RATTLESNAKE BITES

Successfully Treated By a Physician
Who never Lost a Case.

A Los Angeles physician writes
as follows:

"Having practiced medicine in a country
where rattlesnakes abound, and where people are frequently bitten, I will send you my treatment, hoping it may prove as effective in the hands of others as it has in mine: In recent cases I ligate above the wound, enlarge the puncture and allow the wound to bleed freely. Slowly remove ligature, as directed by your article. I inject with hydropoemic syringe either permanent of potash or specific echafoult around and directly into the wound. Put on dressing saturated with echafoult; keep dressing moist for 48 hours. Internally give twenty-drop doses of echinacea every two to four hours. Give other drugs as might be indicated by condition of patient. I use brandy only for its stimulating effect. I have never lost a case out of some twenty odd I have treated. I would rather my name would not be used, but am perfectly willing to answer any questions any M. D. would care to ask.

PARKS IN GREAT CITIES.

Boston and St. Louis Have Advantages Over Other Towns.

A comparison of park areas in the principal cities of this country shows that New York is behind all the six with the exception of Chicago. Boston leads the American cities in this respect with 203 1/2 square feet of park area for every one of its inhabitants. St. Louis is second with 165 square feet per capita, and Philadelphia, Baltimore, New York and Chicago follow in that order with 135, 110, 85 and 58 square feet respectively for each inhabitant.

New York city, however, is compensated for her lack of breathing spaces by the natural conditions about her. Unlike the rest her crowded section is surrounded by water, and in actual area with respect to population, New York has 6,837 acres against Boston's 2,620.

Chicago is in the worst plight. Her parks are unequally distributed, and though the city has a water front of 22 miles, the public has access to only five miles of it. If every man, woman and child in Chicago stood shoulder to shoulder along this length, they would present a solid phalanx over 100 deep. And if the whole of the city's 22 miles of lake front was available, it would take the whole of the day and a night for the population to stand in a single row so that each could have a continuous and uninterrupted view of the water for one hour.

The Right Thing and the Wrong.

It takes more time to do a thing right than wrong, at the time of doing, but less time afterward.—Alchison Globe.

HEIRS

Of Executed Murderer Sue For
\$50,000.

New Orleans, July 18.—A unique damage suit is reported from Sanatoria, Tate county, Miss. It arises out of the famous case of Ashley Cocke, the execution of whom took place at Greenville a year ago. The suit is brought by the heirs of Cocke. It is a claim for \$50,000 damages against the Western Union Telegraph Company.

The claim upon which the plaintiffs seek damages is that the company, through its agents and employees, allowed to be made public a certain telegram which was sent from Narragansett Pier by Mr. Dean, one of Cocke's attorneys. This telegram conveyed to Ashley Cocke's brother the information that Judge White had refused to grant a stay of execution and to entertain the appeal from the supreme court of Mississippi. Mr. Dean had gone on to see Judge White in his behalf, and the friends of Cocke in this state were, in the mean time, bringing every pressure possible to bear upon the Governor in order to induce him to grant a reprieve in the case of Cocke.

One of the arguments relied upon by the friends of Cocke to secure this reprieve was the very fact that Mr. Dean had gone out to get a hearing before the Supreme Court of the United States and expected to secure it. The plaintiffs will argue that the publication of the information in the telegram from Mr. Dean thwarted their plans to get the reprieve from the Governor.

Symptoms.

If you suffer from sick headache, palpitation of the heart, heartburn, costiveness, flatulency, sour stomach or bad taste in the mouth, you have stomach and liver trouble. You should not delay, but go to your druggist at once and get a bottle of Adwell's Spanish Pepper, an positive cure for constipation, dyspepsia, liver and kidney troubles. 50c and \$1. All druggists.

REELFOOT ISLAND LEASED.

Land Will Be Used at Present for Camping.

Union City, Tenn., July 22.—Judge Harris, claiming to be owner of Reelfoot Lake, has leased to J. C. Burdick, who now owns the hunting and fishing privileges for profit, all the islands of the lake, some 35 or 40 in number. Mr. Burdick will use the islands at present for camping grounds for his fisherman, and for all others who wish to fish and hunt for pleasure. As soon as the Tiptonville levee is completed, making the island tillable, they will be converted into some of the most productive farms in Tennessee.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Blood Remedy is a positive treatment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by C. K. Wyly, druggist.

TICKET AGENT MISSING.

Alleged Shortage in His Accounts Discovered.

Wilfred T. Hutchinson, who resigned as ticket agent at Union Station, Tenth and Broadway, Louisville, on Wednesday, is missing. It is said a \$2,000 shortage has been discovered in his accounts. Hutchinson left his home Wednesday morning, telling his wife that he was going to work. This was the last seen of him. Hutchinson had been employed as ticket agent at that station for eight years.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Blood Remedy and Chamberlain's Liver and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by C. K. Wyly, druggist.

Tom Sharp Nominated.

Thomas M. Sharp was nominated for Representative over Dr. C. W. Mathers by the Democrats of Nicholas county.

Mexican Mustang Liniment
is excellent for Rheumatism and all deep-seated pains.

For Sprains and Strains

It is useless to apply a liniment that remains on or near the surface. On the contrary, they require something that goes down into the flesh where the trouble is located. That is why

Mexican Mustang Liniment

is the best thing to use for Sprains and Strains. It penetrates at once to where the injury lies, drives out the infection and makes the sprain or strain to heal.

Don't be stingy in using the liniment nor fail to rub it in as thoroughly as the soreness will permit.

Mexican Mustang Liniment

is a good thing to have on hand when accidents happen.
